PROJECTS

Communities in Schools documentary

April 2020

Writer, Director, Cinematographer, Editor

Communities in Schools is a nationwide nonprofit, anti drop out program. From September 2019 to April 2019, several peers of mine and I spent time working very closely with the Michigan chapter of the national organization and produces a short documentary that encapsulated the goals of the programs and what it was designed to offer to students.

Nephrectomy

April 2019

Castling Director, Cinematographer, Makeup Effects Artist

With the assistance of three talented peers of mine, I produce the short film *Nephrectomy* over the course of my final semester at Delta College before earning my Associate's Degree. This was a project that spanned the duration of one semester and was funded solely by students that contributed to the project and participated in its production from start to finish.

104 Degrees

March 2019

Director, Cinematographer, Editor

104 Degrees was a project produced by myself with the assistance of one other peer. The project is a music video made for the song "104 Degrees" by the band Slaughter Beach, Dog. This video was produced in the winter months but was made to encapsulate the relationship between two carefree individuals.

I Saw Red

February 2019

Director, Cinematographer, Editor

I saw red is a horror/thriller short that I shot, directed, and edited alongside one of my peers. The project was made over the course of a single weekend and edited over the course of the following weeks.
